Dear Mr. Mathews:

Thank you for your cooperation during the compliance inspection Jerry French and I conducted on May 31, 1990, at ChemPro, Pier 91. The purpose of this inspection was to assess the Pier 91 facility's compliance with the Washington State Dangerous Waste Regulations, WAC 173-303, and the federal land disposal restrictions of 40 CFR Part 268.

The purpose of this letter is to notify your company that there were no compliance issues noted during the inspection.

The most recently updated copies of the Waste Analysis, Closure and Contingency plans and Closure Cost Estimate we have in our Pier 91 file are as follows:

Waste Analysis Plan: September, 1986

Closure Cost Estimate: August, 1989

Contingency Plan: September, 1987

Please provide us with updated copies of these plans if our file is not current.
